Public statement on the federal court ruling to bring Mr. Abdelrazik back to Canada

June 9th, 2009

The below signed groups and individuals applaud the decision of the Federal Court directing the Federal government to issue Mr. Abousfian Abdelrazik an emergency passport and to arrange transportation for his return to Montreal within thirty days.

This decision is an important one, not only for Mr. Abdelrazik., but also for all those who are being punished without going through due process with the evidence against them made public.

We urge the Canadian government to implement the court decision without delay and not to seek postponement tactics such as appealing the court's decision.

We look forward to welcoming Mr. Abdelrazik in Canada and hope that the unjustified suffering of others, such as Security Certificate detainees and Omar Khadr, would also come to an end soon.
